Unlock the Power of ESG!

ABOUT DECCAN EDUCATION SOCIETY

Deccan Education Society (DES), a distinguished institution with a rich heritage spanning 139 years. Founded in 1884 by a group of visionaries, DES has been instrumental in shaping the educational landscape of India. With a commitment to providing quality education, DES has emerged as a beacon of knowledge, fostering intellectual growth and holistic development.

The founders of DES, including illustrious personalities like Lokmanya Bal Gangadhar Tilak, Gopal Ganesh Agarkar, Vishnushastri Chiplunkar, Mahadeo Ballal Namjoshi and Vamanrao Apte envisioned an education system that would empower individuals and contribute to the nation's progress. Their foresight and unwavering dedication laid the foundation for the Society's enduring legacy.

Over the years, DES has established a network of esteemed institutions that have become pillars of excellence in various fields. Starting with New English School in Pune in the year 1880, today Deccan Education Society has emerged as a dynamic conglomerate of 58 educational institutes. All these institutes are acknowledged as centres of quality education with the firm commitment to the pursuit of excellence. Deccan Education Society has spread its operations at multiple locations namely Pune, Mumbai, Sangli, Satara, Wai, Shirur, Alibaug and Renigunta. (Andhra Pradesh)

The legacy of DES extends beyond academics, emphasizing the holistic development of students. The Society encourages the pursuit of knowledge, critical thinking and a strong sense of social responsibility.

ABOUT D.E. SOCIETY'S TECHNICAL INSTITUTE, PUNE

Deccan Education Society's Technical Institute was established in 1937, on the occasion of the Golden Jubilee celebrations of renowned Fergusson College. The Institute is situated on the beautiful Fergusson College Campus on its extreme southern end. The only institute of its kind, in the country, TIP is an AICTE recognized, Govt. Aided Institute, imparts education in 'Surface Coating Technology' and awards a Government Recognized Diploma in the subject.

Since its inception, Technical Institute has been running a full time, post 12th, Govt. recognized Diploma Course in Surface Coating Technology of 3 years duration. It consists of 6- semesters. With a view to make it more jobs oriented, it is conducted on sandwich pattern.

Keeping pace with Industries, Institute started another DTE approved, MSBTE affiliated, One year, short term Diploma Course, 'Advanced Diploma In Industrial Safety' (IT-1Y) from 2009. The Course got very warm & huge response from the year of its inception. The total 100 seats gets filled up immediately every year & that is the trust of people from society show towards the Deccan Education Society

To meet the need of the persons working with Paint industry and with a view to enhance their academic knowledge about paints and surface coatings, D. E. Society has started an autonomous Certificate course in Paint Manufacturing and Application – Distance Learning Programme.

Today there are many centers of technical education, but what gratifies us is that, as in many other spheres, it was the Deccan Education Society which was pioneer in the starting Technical Institute. The Institute now completing its fruitful existence of 87 years of technological service is marching ahead gearing up its activities competently

Importance of Environmental Social and Governance Course

Environmental Social Governance course is designed to provide participants with a comprehensive understanding of the critical concepts, frameworks, and strategies essential for integrating ESG considerations into corporate practices and investment decision-making.

In recent years, ESG has emerged as a pivotal framework for evaluating the sustainability and societal impact of businesses and investments. Organizations globally are increasingly recognizing the importance of ESG factors in shaping long-term value creation, risk management, and stakeholder relationships.

From this course, participants will gain insights into the evolving regulatory landscape, industry standards, and investor expectations related to ESG. Practical case studies and interactive discussions will illustrate how organizations can align their business objectives with ESG principles to drive innovation, enhance reputation, and create sustainable value.

By the end of the course, participants will be equipped with the knowledge and tools to integrate ESG considerations into decision-making processes across various sectors and roles, thereby contributing to a more sustainable and responsible global economy.

We look forward to embarking on this journey towards understanding and implementing ESG principles together.
